# Rhode Island Commission on the Deaf and Hard of Hearing

• COMMUNICATIONS • OPPORTUNITIES • EQUALITY •

Dear Rhode Island Deaf and Hard of Hearing Community:

It is imperative that our community has access to healthcare information as we all navigate the COVID-19 pandemic. Rhode Island Commission on the Deaf and Hard of Hearing is proud to announce that the EPCAP department has developed a website to ensure that COVID-19 information is available in an accessible format for the DHH community. This endeavor has been achieved through collaborations between the Emergency Public Communication Access Program and state agencies tasked with ensuring the health and safety of our residents.

While there are many places offering information about COVID-19, this website will serve as a reputable resource for the Rhode Island DHH community. We will provide videos with information from RIDOH and the CDC in ASL and English (spoken/written), as well as a listing of up to date resources.

Feel free to contact us if you have any questions.

Thank you

Earnest Covington III, MPA

Executive Director

Rhode Island Commission on the Deaf and Hard of Hearing
