

“Hi, my name is Pamela Zellner and my job position is Coordinator. My work responsibility is to help people, who are hearing, deaf or hard of hearing in Rhode Island with any information relating to hearing loss that they are looking for. That is what we are here for to help and provide them with the information they need. For example, if someone wants to learn sign language but doesn’t know where to go so we have that information we can give with the list of different sign language classes where you can go. That example is not the only one but there are many different examples which can be found under FAQ’s, frequent asked questions in our website, you can just look for it and click on any different FAQ’s.

We have a library loan with many books, videotapes and DVD’s relating to hearing loss that people can borrow up to two weeks at no charge. Some people borrow for different reasons, some borrow for training to become interpreter and some borrow for learning more about Deaf culture.

We have all kind of information in our office if you need or any information relating to hearing loss, please feel free to contact us by call, email or visit our office anytime, we can help you or you can even videophone!”
