

VLOG TRANSCRIPT

As part of RICDHH's ADA Effective Communications training with RI Law Enforcement (RI Police), this is a video chat between Mike Baer (RICDHH EPCAP) and Chief Theodore Baran, Director of Campus Security (Gallaudet University) discussing a wide range of topics and scenarios on how the Deaf and Hard of Hearing people best communicate effectively with the RI Police officers. Discussion topics include Vehicle stop, Informing Police I'm Deaf or Hard of Hearing, Handcuffing, Miranda Rights, Exigent Circumstances, and Police Training. And most important of all, a mutual respect between the Police officers and Deaf and Hard of Hearing persons, in time of duress, to achieve a positive working relationship. Click one of 11 topics to view the discussions (question and answers).

All videos are open captioned and voiced over.

RICDHH sends its appreciation to Gallaudet University to have Chief Ted Baran working with us on this RI Police Training project.
